MEMORANDUM FOR: [Redacted] USN
Navy Member, Utilization Advisory Board
SUBJECT : Sanitized Reports File at HTAUTOMAT

1. Mr. Amory and I were disturbed to learn on a tour of HTAUTOMAT (HTA) this afternoon that the HTA file of sanitized reports based on CHESSE materials is not yet complete. I realize that it is something of a chore to assemble copies of reports produced in the past, but it is essential that we bring the file up to date as quickly as possible and keep it up to date as new reports containing sanitized information is published.

2. I would appreciate it if you would look into this matter and take such steps as may be necessary to bring the HTA file up to date on reports published by the Navy as soon as possible.
